

Smoke Testing (for new Functionality_new Release)

Does NOT need to be on VM/Remote Desktop

It'd be helpful to have experience doing Regression testing first before doing Smoke testing (refer to Regression test cases, if needed)

CIMS Test: ALERTS – User Type MP, Installation PENTAGON
ACIS – Installation USDB, KS
DRS – Installation should be Bucca Training Site

CIMS Train: ALERTS – User Type MP, Installation PENTAGON
ACIS – Installation should be PENTAGON Test
DRS – Installation should be Bucca Training Site
